VEHICLE TRACKING

FlowCine Black Arm c/w Nissan Navarra Tracking Vehicle or Suction Mount setup for lighter weight gimbal setups

Additional accessories such as monitoring, focus pulling and wireless transmitters can be provided. Please get in touch to confirm specifics of what we have available.

All equipment can be supplied as either wet or dry hire with the exception of the larger vehicle tracking rig and FPV drone equipment due to trained personnel being needed for safe operation. Drones will only be dry hired to holders of GVC or equivalent with full, valid UAS insurance.
